

Fatimah Waheep Bafadhl

Information Technology Intern

+966 507958604 | Jeddah, Saudi Arabia | fatimah.bafadhl26@gmail.com | [Portfolio](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Recent Information Technology graduate with hands on experience gained through academic projects in software development, database management, and information systems. Strong analytical and problem solving skills with the ability to quickly learn new technologies and adapt to diverse IT environments. Eager to apply technical knowledge, contribute to organizational success, and continue growing in a professional IT career.

EDUCATION

Bachelor of Science in Information Technology

Saudi Electronic University | Jeddah, Saudi Arabia

Sep 2021 – Expected Dec 2026

GPA: 3.99 / 4.00

PROJECTS

Reesha | Graduation Project

React Native • Expo • Firebase • Git

- Led a team of six developers by coordinating tasks, reviewing code, and managing project delivery.
- Developed a cross-platform mobile marketplace with role-based functionality for artists, buyers, and administrators.
- Integrated Firebase Authentication, Firestore, and Storage to enable secure user authentication and real-time data management.
- Managed Git workflows, resolved merge conflicts, and consolidated team contributions into a stable codebase.

Educational Platform Website | Group Project

HTML • CSS • PHP • MySQL

- Developed the front-end interface and implemented back-end functionality for a dynamic educational platform.
- Designed and integrated a MySQL database to manage student review.

Recipe Finder Android App | Group Project

Java • Android Studio

- Contributed to the development and testing of an Android application for searching, saving, and sharing recipes.
- Performed functional testing to improve application reliability and user experience.

Real Estate Auction Data Analysis | Group Project

Excel • Power BI

- Cleaned and analyzed real estate auction data using Excel to improve data quality and identify market trends.
 - Designed an interactive Power BI dashboard with KPIs and filters to visualize auction performance.
-
